MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Management's perspective on performance of the Company for financial year 2024-25 is given in this report should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in the Annual Report. Your Company's financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') complying with the requirements of the Companies Act, 2013, as amended and regulations issued by the Securities and Exchange Board of India ('SEBI') from time to time.

The industry witnessed a mixed trajectory marked by domestic resilience and global volatility. On the domestic front, government-led infrastructure initiatives, including the National Infrastructure Pipeline, PM Gati Shakti, and accelerated investments in railways, roads, and urban housing, drove demand for steel and allied products. The automotive and capital goods sectors also contributed to the revival in steel consumption. The forging industry, as a vital downstream segment, benefited from increased demand in sectors such as defence, agriculture, and railways, resulting in improved capacity utilization and order inflow for quality forged components.

Globally, the steel industry remained affected by declining high material prices, freight costs, and geopolitical instability, particularly the prolonged conflict in Eastern Europe and disruptions in supply chains from key exporting nations. These factors resulted in fluctuations in global steel prices, putting pressure on margins for both integrated and downstream players. However, India continued to maintain a competitive advantage due to its strong domestic market, policy support, and availability of skilled manpower.

The Indian government's push for self-reliance under the Atmanirbhar Bharat Abhiyan and the introduction of Production Linked Incentive (PLI) schemes in the specialty steel sector further encouraged capital investment and product diversification. Environmental sustainability and green steel initiatives also gained traction, with regulatory agencies increasingly advocating for cleaner and more energy-efficient steelmaking processes. The industry is expected to continue its transition towards digitalization, automation, and ESG compliance to remain competitive in a global context.

Your Company is engaged in the business of manufacturing of wide range of Bright Steels bars and Wires which main aim to provide the best quality of its products to its customers and to meet their dynamic demand. Your Company has experience of more than 20 years in the manufacturing of bright steel bars and it has a complete in-house manufacturing facility, including testing, pickling, and annealing, and accordingly, has become a domestic leader in the Industry, offering reliable customized solutions and constant access to new and cutting-edge solutions to its customers domestically and globally.

OPPORTUNITIES/ THREATS AND OUTLOOK

India's growth outlook for FY 2025-26 is likely to be supported by resilient domestic drivers, even though the overhang of global headwinds remains. The Union Budget announced cuts in personal income tax amounting to ₹1 trillion. The IMF expects India's economy to grow at 6.2% (this forecast was based on original April tariff announcements by the US), whereas the RBI has projected growth to be steady at 6.5% during FY 2025-26. These projections reflect a potentially modest dent to India's growth performance due to the global slowdown, even as the domestic growth impulses remain supportive.

During the year, Your Company has recognized the need to accelerate its product portfolio and add products which has created a huge opportunity to access the developed nations via export of its products and improve its profitability. Further, after the impact of covid-19 it is being observed that the demand for steel is constantly increasing from the automotive sector and other sectors, which has and will create a tremendous opportunity for the Company.

Moreover, it has been seen that India, the second-largest steel producer globally, has been a key driver of growth for the global steel industry. India's steel consumption recorded a robust growth of 11.5% in FY 2024-25, the fourth consecutive year of double-digit growth. In the four years ending FY 2024-25, India's GDP at constant prices increased 37% while steel consumption grew 60%. Over this period, the elasticity of steel consumption to economic growth (computed as the ratio of growth in steel consumption to growth in real GDP) was recorded at 1.5, compared to an elasticity of 0.8 during the decade before the pandemic. This subsequently establishes an extreme opportunity for your Company. In the amid stresses being witnessed across developed and emerging economies of the world, the India outlook appears fairly encouraging. On the steel consumption and demand front, there is a visible upswing both on account of pent up demand getting released as well as shift in consumption behavior. This, coupled with the significant capital expenditure by the Government of India, rising demand for affordable housing, infrastructure developments and construction projects, has led to a V-shape recovery in demand in most steel markets. Government spending in infrastructure projects such as airports, metro rail projects, highways has been very encouraging and is likely to continue to be key driver in steel demand.

RISKS AND CONCERNS

Your Company has established a well-defined process of risk management, wherein the identification, analysis and assessment of the various risks, measuring of the probable impact of such risks, formulation of risk mitigation strategy, and implementation of the same takes place in a structured manner. Though the various risks associated with the business cannot be eliminated completely, all efforts are made to minimize the impact of such risks in the operations of the Company.

SEGMENT WISE AND PRODUCT WISE PERFORMANCE

Your Company is carrying out the business of manufacturing of wide range of bright steel bars and wires and accordingly, there is no segment reporting is required.

INDEPENDENT AUDITORS' REPORT

To the Members of M/s. MAIDEN FORGINGS LIMITED

Opinion

We have audited the accompanying financial statements of Maiden Forgings Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2025, Statement of Profit and Loss (including other comprehensive income), Statement of Cash Flows, and Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit, total comprehensive income, and its cash flows and the changes in equity for the year ended on that date..

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information other than Financial Statements and Auditor's Report thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identifies and assesses the risks of material misstatement of the entity's financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, Under section 143(3)(i) of the companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
4. Concludes on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we concludes that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
5. Evaluates the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
6. We communicates with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the auditor identifies during the audit.

We also provides those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicates with them all relationships and other matters that may reasonably be thought to bear on the auditor's independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determines those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describes these matters in the auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, the auditor determines that a matter should not be communicated in the auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

ANNEXURE – B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. MAIDEN FORGINGS LIMITED ("the Company") for the period on 31st March, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively for the period ended on 31st March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1 : NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31st March 2025
(All amounts are in ` lakhs unless otherwise stated)

1. Corporate information

The Company is registered under Companies Act 1956 and it is incorporated on 11th February 2005 with CIN No.U29810DL2005PTC132913. The company is engaged in the manufacturing and sales of ferrous metal products including steel bright bars, wires, profiles, ground bars and nails (collated & loose), having its registered office at Shop No-5, Arihant Tower, Block D, Vivek Vihar, New Delhi- 110092. The company is converted to public limited company with CIN U29810DL2005PLC132913 w.e.f. 02/12/2022. The company also went public and get listed at SME platform of BSE on 06/04/2023 and afterward, CIN has been updated to **L29810DL2005PLC132913**.

2. Significant Accounting Policies

2.1. Basis of Preparation of financial statements

These financial statements have been prepared and presented under historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each accounting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

2.2. Inventories:

Inventories are valued as per AS-2 (Valuation of Inventories) issued by the ICAI at cost (net of Taxes credit) or net realisable value, whichever is lower.

2.3. Revenue Recognition:

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and revenue can be reliably measured. The following specific recognition criterion must also be met before revenue is recognized:

Sale of goods

Revenue from sale of goods is recognized at the transfer of property in goods results in or coincides with the transfer of significant risks and rewards of ownership to the buyer. Sales excludes GST.

Interest income

Interest income is recognized using the time proportion method, based on amount outstanding and the underlying interest rates.

Job Charges/ Conversion charges received are recognized at gross value (excluding taxes)

2.4. Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. Leasehold lands where the ownership of the land will not be transferred to the Company at the end of the lease period are classified as operating leases. Upfront operating lease payments are recognized as prepayments and amortized on a straight-line basis over the term of the lease. Leasehold lands are considered as finance leases where ownership will be transferred to the Company at the end of the lease period. Such leasehold lands are presented under property, plant, and equipment and not depreciated.

2.5. Foreign currencies:

The functional currency of the Company is the Indian Rupee, which represents the currency of the primary economic environment in which it operates. Transactions in currencies other than the Company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. Exchange difference arising with respect to long-term foreign currency monetary items is recognized in the statement of profit and loss except for the exchange difference related to long-term foreign currency monetary items, in so far as, they relate to the acquisition of depreciable assets, are adjusted against the cost of such assets and depreciate the said adjustment, over the balance life of the asset.

[Handwritten signature] *[Handwritten signature]* *[Handwritten signature]*

2.6. Borrowing Costs:

Borrowing costs specifically identified to the acquisition or construction of qualifying assets are capitalized as part of such assets. A qualifying asset is one that necessarily takes a substantial period to get ready for the intended use. All other borrowing costs are charged in the statement of profit and loss.

2.7. Employee Benefits:

(i) Short-term employee benefits are recognized as an expense at the undiscounted amount in the profit and loss account of the 12 months Period in which the related service is rendered.

(ii) Defined Benefit Plans:

Gratuity and Leave encashment are defined benefit plan payable at the end of the employment. The provision for gratuity has been made on the basis of 15 days Salary and wages calculated for each completed year of service.

(iii) Defined Contribution Plans:

Defined contribution plans are those plans in which the company pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident Fund and Employee State Insurance are Defined Contribution Plans in which company pays a fixed contribution and will have no further obligation beyond the monthly contributions and are recognised as an expenses in Statement of Profit & Loss.

2.8. Taxation:

The income tax expense represents the sum of the tax currently payable and deferred tax.

(i) Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Deferred taxes are recognized in respect of temporary differences, which originate during the tax holiday period but reverse after the tax holiday period. For this purpose, reversal of temporary difference is determined. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognised in the statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9. Property, plant, and equipment (PPE):

Items of Property, plant and equipment are measured at its cost less any accumulated depreciation and any accumulated impairment losses. The cost comprises its purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent expenditures related to an item of Tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standards of performance.

[Handwritten signature] *[Handwritten signature]* *[Handwritten signature]*

Items of property, plant and equipment retired from active use and held for disposal is stated at the lower of their carrying amount and net realisable value. Any write-down in this regard is recognised immediately in the statement of profit and loss.

The Companies Act, 2013 prescribes that the asset should be written off over its useful life as estimated by the management and provides the indicative useful lives for the different class of assets. In case the useful life of the asset has expired but the asset is still in use it is carried at a nominal value of 5% of the original cost in the books. Other assets are depreciated over their balance useful life which are as follows :

Asset Head	Useful life
Building	10-40 Years
Plant & Machinery	1-25 Years
Vehicles	1-15 Years
Furniture & Fixtures	1-10 Years
Computers	1-5 Years
Electrical Equipment's	1-15 Years
Office Equipment's	1-15 Years

Assets held under finance leases are depreciated over their expected useful life on the same basis as owned assets.

An item of property, plant, and equipment is derecognised upon disposal, replacement, or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant, and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.10. Intangible assets:

An intangible asset is recognised only when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Subsequent expenditure on an intangible asset after its purchase or its completion recognised as an intangible asset it is probable that the expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standard of performance and the expenditure can be measured and attributed to the asset reliably.

Intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. An intangible asset is derecognised (eliminated from the balance sheet) on disposal or when no future economic benefits are expected from its use and subsequent disposal. The depreciable amount of an intangible asset is allocated on a systematic basis over the best estimate of its useful life.

Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. The company has capitalized all costs relating to acquisition and installation of intangible fixed assets.

2.11. Impairment of tangible and intangible assets other than goodwill:

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years. However, there is no such kind of Fixed Asset in the company which require impairment.

2.12. Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit after tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing, and financing activities.

[Handwritten signature] 59 *[Handwritten signature]*

2.13. Provisions, Contingent Liabilities, and Contingent Assets:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

2.14. Financial Instruments:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.15. Financial assets:

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Cash and cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, which are unrestricted for withdrawal and usage.

2.16. Insurance Claims:

In case of total loss of asset, on intimation to the insurer, either the carrying cost of the asset or insurance value (subject to deductible excess) whichever is lower is treated as claims recoverable from the insurance company. In case an insurance claim is less than the carrying cost of the asset, the difference is charged to the statement of profit and loss.

In case of partial or other losses, expenditure incurred / payments made to put such assets back into use, to meet the third party, or other liabilities (less deductible excess) if any, are accounted for as claims receivable from the insurance company.

Insurance Policy deductible excess are expensed in the year in which corresponding expenditure is incurred. As and when claims are finally received from the insurance company, the difference, if any, between the claim receivable from the insurance company and claims received is adjusted to the statement of profit and loss. All other claims and provisions are booked on the merits of each case.

3. Critical Accounting Judgments, Assumptions, and Key Sources of Estimation Uncertainty:

Inherent in the application of many of the accounting policies used in preparing the financial statements is the need for management to make judgments, estimates, and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. A key source of judgments, assumptions, and estimation uncertainty in the preparation of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of the useful life of property, plant, and equipment, employee benefit obligations, provision for income tax and measurement of deferred tax assets.

A large, stylized handwritten signature in blue ink, written over a horizontal line.

3.1. Critical judgments in applying accounting policies:

That the Management has made in the process of applying the Company's accounting policies and that have a significant effect on the amounts recognized in the Financial Statements.

(a) Determination of functional currency:

The Currency of the primary economic environment in which the Company operates ("the functional currency") is Indian Rupee (Rs.) in which the company primarily generates and expends cash. Accordingly, the management has assessed its functional currency to be Indian Rupee (Rs).

3.2. Assumptions and key sources of estimation uncertainty:

Information about estimates and assumptions that have a significant effect on the recognition and measurement of assets, liabilities, income, and expenses is provided below. Actual results may differ from these estimates.

a) Useful life of property, plant, and equipment and intangible assets:

Management reviews its estimate of the useful life of PPE and intangible assets at each reporting date, based on the future economic benefits expected to be consumed from the assets.

b) Provision for income tax:

Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

c) Recognition of deferred tax assets:

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits or uncertainties

4. Others Notes to accounts

1. Accounting for Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates

Demand of Rs.4.40 lakhs was also raised by income tax department for AY 2021-22. However, the appeal has been filed to the concerned authority. The company is confident of recovery of this amount and hence no provision has been made for the same.

The Company has received a demand notice under the Goods and Services Tax (GST) Act amounting to Rs. 171207372. The Company is contesting the same in Hon'ble Allahabad High Court. Based on the assessment of the management and its legal advisors, it is not probable that an outflow of resources will be required to settle the obligation. Accordingly, the said amount has been disclosed as a contingent liability and no provision has been recognized in the financial statements
